INOVA Federal Donates \$7,969 To World Council of Credit Unions

Elkhart, IN — INOVA recently contributed \$7,969 to the World Council of Credit Unions' (WOCCU) Global Good initiative. The funds were raised through INOVA's Global Good Visa credit card program. When INOVA members use their Global Good Visa card, INOVA donates a portion of the income generated to WOCCU, helping to fund the expansion of affordable financial services and financial education programs around the globe.

"INOVA's Global Good Visa Card was launched in 2020 as a way for INOVA members to support vital programs and initiatives for those who might otherwise not have access to more sophisticated financial services", says Dallas Bergl, President & CEO of INOVA Federal. "By simply using their Global Good Card our members are helping communities around the world and we are grateful for their support with this initiative."

For over 80 years, INOVA Federal has been guiding its loyal members through their journey toward financial wellness. The Global Good program is the perfect conduit for INOVA to expand its mission of improving the financial well-being of others beyond the local community and across borders, and to have its members be a part of such a movement to make even more of an impact.
